Herbal Powders (Churna's)

Shaijana Churna

BDPL' s Sahijana powder is also termed as Araja which means pure in Sanskrit is prepared from Moringa Oleifera, commonly called the Miracle tree, using all its vital parts, leaves, flowers, seeds and bark aims at complete detoxification and over all well-being. Moringa is a superfood rich in Anti-oxidants, good source of both micro and macronutrients and have low levels of anti-nutrients with high ORAC (oxygen radical absorption capacity) . It is a great source of vitamins, protein, amino acids, beta-carotene, and different types of phenolics. Different parts of moringa contain important minerals: the plant as a whole provides a rare and rich combination of uercetin, kaempferol, caffeoylquinic, beta-sitosterol and zeatin.

Sahijana Churna (Absolute Detox)

BDPL' s Sahijana Absolute Detox powder is also termed as Araja Absolute Detox which means Pure in sanskrit is an amalgamation of Moringa oleifera, organic tumeric, ginger and cinnamon enhances complete detoxification of vital body systems.

Supplement Facts & Dosage Details Provided with all Products

Triphala Churna

BDPL' s Triphala powder is also termed as Tri-Vidya is a herbal concoction that's been used for thousands of years in Ayurveda. Traditionally used as a bowel tonic, it's often prescribed as a mild laxative. But while its laxative qualities are most widely known, the other benefits of this herb are perhaps even more noteworthy. To understand Triphala's impact, you can look at its contents and their effects on doshic balance. The name Triphala means "the three fruits" and it's comprised of the Indian fruits amalaki, haritaki, and bibhitaki.

Ashwagandha Churna

BDPL' s Ashwagandha powder is also termed as Antara - meaning Absolute Balance in Sanskrit consists of pure Organic Ashwagandha root extract which relaxes and calms the mind while boosting energy for the body Ashwagandha is an incredibly healthy medicinal herb. It's classified as an "adaptogen," meaning that it can help your body manage stress. Ashwagandha also provides all sorts of other benefits for your body and brain. For example, it can lower blood sugar levels, reduce cortisol, boost brain function and help fight symptoms of anxiety and depression.

Bael Churna

BDPL' s Bael powder is also termed as Tri-netra powder for its shape of leaf which represents the Tri-netra or three eyes of Lord Shiva . Aegle marmelos (Woodapple or Bael) is a spiritual, religious and medicinal plant, native of India and Bangladesh and spread throughout South East Asia. Bael fruit powder Wood Apple is a sweet, aromatic and astringent in nature. Bel has many benefits and uses such as to cure tuberculosis, hepatitis, dysentery, constipation, peptic ulcer, piles and many more, useful in worm infestation and stomach related problems. It's one of the few Ayurvedic plants whose entire parts from root to leaves are used for different diseases. The fruit balances Kaph and Vata doshas, its roots improve digestion, leaves are good for pain, stem for heart and bel flower's for curing of diarrhea.

Methi Churna

BDPL' s Methi powder is also termed as Prarambh meaning to Reset in Sanskrit , aims at controlling or decreasing Insulin resistance & its adequate production to combat type 2 Diabetes Mellitus and also It is a powdered form of organic fenugreek seeds added with a trace of dry Murraya koenigii (Indian curry leaves) to enhance the effect. This dietary supplementation can help modulate glucose homeostasis and potentially prevents type 2 Diabetes in people with prediabetes.

About Us:

Bhagabat Drugs and Pharmaceutical Laboratory manufactures Ayurvedic herbal formulations for various ailments, licensed under the Indian Drug control Act. It is GMP Certified with an updated ISO certification 2016. At BDPL, we offer an assortment of products based on modern formulation and prepared by combined methods of in the light of Ancient and modern medical knowledge, following simple and curative aspects.

All medicines are formulated on the philosophy of Prakruti and Vikruti, which governed by Panchamahbhatta and Dosha.

Principle of Balance: Panchamahbhatta & Dosha

Ayurveda is based on the basic principle of balance that tates everything in this universe is an amalgamation of five elements:

Akasha (Space)

Vayu (Air)

Agni (Fire)

Jala (Water)

Prithivi (Earth)

and these five elements in turn are further represented in humans by three "Doshas", or Bio energies and each dosha represents distinct bioenergetic principles and physiological processes:

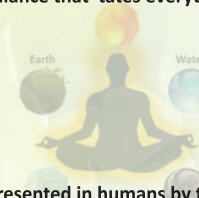

Vata – Principle of Movement

Kapha – Principle of Structure

Pitta – Principle of transformation

All our products are formulated to ensure balance of Vata, pitta and kapha.

BDPL offers a range of Ayurvedic herbal syrups and powders(Churnas) treating various ailments to restore Vatta Pitta Kapha Dosha balance and overall wellbeing

Values:

"Open your arms to change but don't let go of your values – Dalai Lama"
